- APPLICATION FOR:** Permit to Drill a Well (Rule 3)
(Please check appropriate) Rework of An Existing Well (Rule 5)
 Register A New Exempt Well (Rule 3)

Instructions & Rule 3.1 Permit and Registration Required:

- 3.1 No person shall drill, modify, complete, change type of use, plug, abandon, or alter the size of a well within the District without first registering the well with the District, or making application of a new well even though the well may be exempt from the requirement of a permit under Texas Water Code §36.117.
- 3.2 The District staff will review the application for registration and make a preliminary determination on whether the well meets the requirements, exclusions, or exemptions.
- 3.3 No permit shall be required for the drilling of wells exempt by Texas Water Code §36.117.
- 3.4 Exempted wells shall be registered with the District before drilling.

Additional Required Information:

- 1. Include a map from the county appraisal District indicating the subject property and the location of the proposed well or existing well to be modified. (Rule 5.4 {d})

After review of the Application by District staff, additional information or permit fees may be required as specified in District Rules before approval and before drilling/rework can begin.

When an Application is deemed complete, a Well Development Authorization will be issued to the well owner and driller (if known) and must be available for inspection at the well site during drilling or rework. NO WORK MAY BEGIN BEFORE this authorization is received.

ALL FEES ARE NON-REFUNDABLE AND NON-TRANSFERABLE

- 3.1 No person shall drill, modify, complete, change type of use, plug, abandon, or alter the size of a well within the District without first registering the well with the District, or making application of a new well even though the well may be exempt from the requirement of a permit under Texas Water Code §36.117.
- 3.2 The District staff will review the application for registration and make a preliminary determination on whether the well meets the requirements, exclusions, or exemptions.
- 3.3 No permit shall be required for the drilling of wells exempt by Texas Water Code §36.117.
- 3.4 Exempted wells shall be registered with the District before drilling.

Additional Required Information:

- 1. Include a map from the county appraisal District indicating the subject property and the location of the proposed well or existing well to be modified. (Rule 5.4 {d})

After review of the Application by District staff, additional information or permit fees may be required as specified in District Rules before approval and before drilling/rework can begin.

When an Application is deemed complete, a Well Development Authorization will be issued to the well owner and driller (if known) and must be available for inspection at the well site during drilling or rework. **NO WORK MAY BEGIN BEFORE** this authorization is received.

ALL FEES ARE NON-REFUNDABLE AND NON-TRANSFERABLE
